Dear Students,

"Education is one of the most valuable assets in a person's life"-Anonymous

I am delighted that you have chosen Sheth N.K.T.T. College of Commerce and Sheth J.T.T. College of Arts as the foundation for your higher education journey. At NKTT, we take pride in offering an academic environment that is joyful, inclusive, and outcome-oriented.

From the academic year 2024–25, we have successfully implemented the National Education Policy (NEP) 2020 across all our programs. This forward-looking framework empowers students with an interdisciplinary curriculum, emphasizing experiential and project-based learning over traditional examinations. As an Autonomous Institution, we provide unparalleled flexibility in subject selection and internal assessment, recognizing and accrediting every meaningful contribution made by our learners both within and beyond the classroom.

Students can choose from a wide array of subjects, including innovative offerings like 'Life Skills & Holistic Development,' aimed at nurturing emotional intelligence, critical thinking, and overall well-being. Our state-of-the-art Learning Resource Centre (Library) houses an impressive collection of physical and digital texts, journals, and references. It also hosts engaging initiatives such as the 21-Day Reading Challenge and 'Aai Mazya Granthlayat', fostering a culture of lifelong learning.

Our digital infrastructure includes four well-equipped computer laboratories with over 140 systems, ensuring digital accessibility and skill-building opportunities for all. A dedicated personal counselor is available on campus to support students through academic, emotional, and personal challenges.

Academic knowledge alone is no longer sufficient. In today's dynamic world, students must also develop key soft skills such as communication, leadership, and event management. To that end, the college offers over 30 Skill Development Courses, with additional credits awarded upon successful completion. Recognizing the vital importance of effective communication in the modern workplace, we have made the 'Corporate Communication Course' mandatory for all students, completely free of charge.

Our goal is to shape responsible, compassionate, and competent individuals who are equipped not only to succeed professionally, but also to contribute meaningfully to society.

Welcome to a transformative journey of knowledge, growth, and purpose.

Dr. Dilip Patil
Principal

ABOUT COLLEGE

Sheth T.J.Education Society was founded in October, 1949. Since then, it has made significant contribution in the field of education. There are more than five thousand students who are being educated in the institutions run by the Society. A student admitted in the Montessori Class goes out with a degree either in Arts or Commerce.

The college with the Commerce faculty was founded in August, 1990 to cater the educational needs of students passing the H.S.C. Examination from the Sheth N.K.T.T. Junior College, Thane. The Arts faculty was added to the Degree College from the Academic year 1993-94, as there was a great demand for Arts Section.

Sheth N.K.T.T. College of Commerce and Sheth J.T.T. College of Arts, an affiliate of the University of Mumbai is a multifaculty institution of higher education that has more than 3700 students on its rolls, pursuing studies in undergraduate and post-graduate courses **The College has been Re-accreditated with B++ 2.91 grade by National Assessment and Accreditation Council (NAAC), Bangalore.** The college encourages the all-round development of the students by providing them opportunities for participating in various co-curricular and extra-curricular activities.

The college provides the building for conducting various examinations held by University of Mumbai and various competitive examinations like MPSC, UPSC, CAT, and Railway etc.

About Autonomy

Sheth NKTT College has been conferred with autonomous status in September 2023 by the University Grants Commission. Colleges with autonomous status have the authority to design their own curricula, conduct examinations, and evaluate students independently, while still being affiliated with a university. Autonomous status provides colleges with greater academic freedom and flexibility to innovate in their teaching and research methodologies.

With autonomy the college can now design its own curriculum, research programs, and teaching methodologies. Autonomy allows us to streamline administrative processes, respond more effectively to changing needs, and implement policies tailored to their unique circumstances.

We can focus on improving the quality of education and research, leading to better outcomes for students, faculty, and the community.

The college can promote innovation and entrepreneurship by facilitating collaborations with industry.

Autonomy can help the college to become more competitive internationally by enabling us to forge partnerships with leading institutions, attract top talent, and participate in global research. We can now better engage with their local communities, addressing regional needs and contributing to economic and social development.

Overall, autonomy status has empowered the college to fulfill its missions more effectively, benefiting students, faculty, staff, researchers, policymakers, and society at large.The process of autonomy will be implemented for all UG and PG programmes run by the college in the following manner:

Classes	Implementation	Examination & Evaluation
First Year	NEP 2020 with syllabus designed by BoS of the college	60: 40 pattern
Second Year	NEP 2020 with syllabus designed by BoS of the college	60: 40 pattern
Third Year	Syllabus designed by University of Mumbai	60: 40 pattern
PG Part -I	NEP 2020 with syllabus designed by BoS of the college	60: 40 pattern
PG Part -II	NEP 2020 with syllabus designed by BoS of the college	60: 40 pattern

About NEP2020

National Education Policy envisions an education system rooted in Indian ethos that contributes directly to transforming India, that is Bharat, sustainably into an equitable and vibrant knowledge society, by providing high-quality education to all, and thereby making India a global knowledge superpower. The vision of the Policy is to instill among the learners a deep-rooted pride in being Indian, not only in thought, but also in spirit, intellect, and deeds, as well as to develop knowledge, skills, values, and dispositions that support responsible commitment to human rights, sustainable development and living, and global well-being, thereby reflecting a truly global citizen.

The New Education Policy is student centric and provides flexibility for multidisciplinary education. The Policy provides multiple entry and exit options to the students. The student can choose their Major and Minor subjects. Various options are provided to the student to select the subjects from Open and General Electives, Ability and Skill Enhancement and vocational skill courses. The students will be sensitized regarding Indian Knowledge System.

Of course, there are few challenges in the implementation of NEP2020 but the College is committed to implement the policy in spirit from academic year 2024-25. College is committed to take a step forward to make the holistic development of the youth by providing value and skill-oriented education to make them employable and knowledgeable, and this will become very well possible with Autonomous status of the College.

The National Education Policy 2020 (NEP 2020) in India brings several significant changes by following of Multidisciplinary Approach, Reduction in Content Overload by focusing on core concepts and critical thinking rather than rote memorization, Skill Development and vocational Education, Assessment Reforms, Inclusion and Equity, Research and Innovation, Internationalizations of education by encouraging collaboration and exchange programs between Indian and foreign institutions promoting global exposure and cross-cultural learning.

As per National Education Policy 2020, the Academic Bank of Credits (ABC) has been envisaged to facilitate the academic mobility of students with the freedom to study across the higher education institutions in the country with an appropriate 'credit transfer' mechanism from one program to another, leading to attainment a Degree/ Diploma/PG etc. Our institution has registered with Academic Bank of Credit.

WHY?

Why Hospital and Healthcare Sciences

Hospital and healthcare management oversees the smooth operations and administration of healthcare organizations. It focuses on:

- Staff Management
- Financial Management
- Quality Assurance
- Facility Management

Hospital And Healthcare Management

Why Public Health

80% of public health centres fail to meet min standards

DurgeshNandan.Jha
@timesgroup.com

New Delhi: Nearly 80% of the public health facilities in India do not meet the minimum essential standards for infrastructure, manpower, equipment and other benchmarks set by the govt. This emerged from a self-assessment exercise in which govt asked public health facilities from across the states and UTs covered under the National Health Mission (NHM) — a flagship scheme of the govt — to fill in details such as the number of doctors, nurses or basic medical equipment they have.

There are over 2 lakh public healthcare facilities and only 20% of the ones that participated in the exercise scored 80% or higher which is needed to qualify as Indian Public Health Standards (IPHS) compliant. About 42% scored less than 50% while the rest, scored anywhere between 50 to 80%.

Out of 2 lakh public health facilities more than 42% scored less than 50% of standard benchmark

Why Clinical Research Data Analytics and Healthcare Sciences

This course will allow you to:

- Gain key background knowledge and an understanding of the healthcare system, from the treatment of individuals to the wider population;
- Gain an understanding of the governance structures and frameworks used when working with health data and in the healthcare sector;
- Experience key technical skills and software for working with health data;
- Understand the breadth and depth of application methods and the potential uses of health data;
- Comprehend key concepts and distinctions of the disciplines that need to be synthesised for effective health data science;
- Appreciate the role of the health data scientist and how they fit into the wider healthcare landscape;
- Apply practical understanding and skills to problems in healthcare;
- Work in a multi-disciplinary community and communicate specialist knowledge of how to use health data to a diverse community;
- Understand the importance of patient-focused delivery and outcomes;
- Develop the in-depth knowledge, understanding and analytical skills needed to work with health data effectively to improve healthcare delivery
- Evaluate the effectiveness of techniques and methods in relation to health challenges and the issues addressed.

BRIDGE COURSE

Bridge means connecting the two things. We also try to build the bridge for our students who are from vernacular medium. Also 95% commerce students are from SP Group means they have lost the connect with mathematics studies. So Department of Mathematics and statistics had started bridge course which will help them to understand the actual syllabus of first year courses. Similarly they do not have sufficient knowledge base of the subject Environmental studies. So to acquaint them with basic terminologies of the subject, Department of Geography and Environmental studies started a bridge course.

SKILL DEVELOPMENT PROGRAMMES

Online Skill Development Program is an initiative to develop employability skills in students to prepare them for industry job roles.

We have developed a progressive model in 3 levels along with the three year graduation program in which the student would be trained skills and understanding of topics like MS office, Stock Market, Banking, GST etc.

We have designed customized bundle of key skills targeting a particular job role. These bundle shall give the orientation to the students to prepare themselves for the industry needs and also plays major role in grooming them to confidently appear for the technical round of interviews at the placement rounds.

The employer would be more happy to get the existing role oriented students from a campus which shall definitely benefit the placements of the students as an outcome of this program.

EXTENSION PROGRAMMES

1) **Sports:** The College has a rich tradition of significant achievements at the State and National Level Sports events. Students are encouraged to participate in various sports.

To nurture the students' talent the college has prepared ground for Kabbadi, Kho-Kho, Volley Ball and Indoor Games. The college has well equipped Gymnasium with modern instruments

2) **Co-curricular and extra-curricular activities :** The college believes in promoting the all-round development of the students and provides students platforms like :-

English Literary Association, Marathi Vangamaya Mandal, Hindi Sahitya Mandal, Gujrathi Sahitya Mandal, Social Sciences Association, Nature Club, Commerce Association, Art Circle. **Students must make it a point to become members of at least one or two associations of their choice.**

3) **National Service Scheme (N.S.S.):** NSS volunteers are enrolled as per University guideline Awareness and sensitivity to social problems is built through participation in activities like tree plantation, blood donation, eradication of illiteracy, superstition, anti-dowry campaign, Pulse Polio Immunization etc.

4) **Department of Lifelong Learning & Extension:**

Through these programmes volunteers take on the responsibility of teaching at least one illiterate person. The students also impart training to the deprived masses for improving the quality of life by maintaining better hygiene and plasticizing certain crafts.

5) Dnyansagar –: The College Magazine 'Dnyansagar' showcases the writing talent of the students. Articles and poems written by students in English, Hindi, Marathi and Gujarati are printed section wise along with Departmental and Committee reports, special achievements and various other special features.

This year's issue of the magazine was released on-line on the college website to make it more accessible to the students and has received an over whelming response from the students. This was possible due to the support of Hon'ble Management and encouragement of Principal Dr. Dilip M. Patil.

GROUP INSURANCE SCHEME

Group Insurance Scheme for students has been introduced from the academic year 2003-04. The risk covered would include death, loss of limbs, total / partial permanent disablement. Details can be made available on request. The insurance scheme will be brought into effect from 1st September every year for those who will seek admission upto 25th August in each academic year. Those who get admission after 25th August will be covered under the scheme after the actual deposit of their Insurance premium to the Insurance Company. A student is insured for one academic year only.
