Sheth N.K.T.T. College Celebrates Yoga as a Path to Holistic Education.

Thane, June 21, 2025: Sheth T. J. Education Society's Sheth N.K.T.T. College of Commerce and Sheth J.T.T. College of Arts (Autonomous), Kharkhar Ali, Thane (W), celebrated International Yoga Day 2025 with great enthusiasm and wholehearted participation. The event was organized by the Internal Quality Assurance Cell (IQAC) in collaboration with the Department of Lifelong Learning and Extension (DLLE) and the National Service Scheme (NSS). A total of 88 students, faculty, and non-teaching staff members took part in the program, which focused on promoting the importance of yoga for physical, mental, and spiritual well-being.

The event commenced at 8:00 AM with an inaugural ceremony and was graced by several distinguished dignitaries. Among them were Principal Dr. Dilip Patil, Vice Principal Dr. Manoshi Bagchi, and renowned Yoga Guru Dr. Girish Vasant Kadam, who has been nominated for the Padma Shri in Yoga Therapy for the year 2025. Also present were IQAC Coordinator Dr. Himanishi Mansukhani, NSS Program Officer Ms. Dipalee Mulmulay, DLLE Extension Teacher Ms. Aafreen Gulzar, and NSS Member Mr. Shravan Mishra. In his address to the gathering, Dr. Kadam emphasized the significance of yoga in leading a balanced and healthy lifestyle and encouraged participants to incorporate yoga into their daily routines.

Internship Opportunity in Web Development and Software Testing Secures Placements for 21 Students.

Thane, June 16, 2025:

The Career Guidance & Placement Cell (CGPC) of Sheth NKT College, in association with the Science and Technology department and in collaboration with Decagon Software Pvt. Ltd., organized a seminar titled “Internship for Web Development and Software Testing”

Following the seminar, a Written Test and Personal Interview was conducted on 18th June 2025 at 9:00 AM in Room No. 18 (B Wing). The selection process aimed to assess the technical and soft skills of the participants for internship roles at Decagon Software Pvt. Ltd.

As a result of the selection process, students have been successfully selected for the internship program. Their names are as follows : Shashi Bhushan Ram, Sakshi Sheshram Sathani, Granthali Madhavi, Pari Mehta, Hinal Diwani, Sirajuddin S Khan, Sakib Shaikh, Atharv Saldur, Santosh Chaudhary, Altamash Shaikh, Sunny Yadav, Nikhil Anil Singh, Ansh Dubey, Deven Dhotre, Aditya Singh, Sarthak Dawde, Disha Bhosale, Mahima Jaiswal & Shravan Anil Yadav . Their training is scheduled to commence from 19th June 2025, and will be conducted every Monday, Tuesday, and Wednesday from 9:00 AM to 4:00 PM. This initiative has provided students with a valuable platform to gain practical exposure and enhance their employability skills in the domains of web development and software testing.

International Anti-Drugs Day Marked by United Rallies and Awareness Drives Across Thane

Thane, June 26, 2025: International Anti-Drugs Day was observed globally to raise awareness about the harmful effects of drug abuse and to promote a drug-free society. The day is recognised every year under the initiative of the United Nations to combat drug trafficking and abuse across the world. On this occasion, rallies were conducted by schools, colleges, and social organisations. NSS units and anti-narcotics department Thane city joined hands to engage youth and communities in promoting the message of “Say No to Drugs.” Students and volunteers carried banners, shouted slogans. The event focused on educating people about the physical, emotional, and social consequences of drug use. Guest speakers, including healthcare professionals and police officials, addressed the audience and emphasised early intervention, rehabilitation, and the importance of community support.

Insurance Awareness Day

Online Insurance Awareness Programme

Conducted for 250 Students Across Various Courses.

Thane, June 28, 2025 :

On the occasion of National Insurance Awareness Day, NKTT College organized an Insurance Awareness Programme for its students across various courses, including FY/SY/TY B.Com, BA, BMS, BAF, BBI, BAMMC, BCA, IT, Data Science, and AI & ML. The event aimed to educate and raise awareness among students about the importance of insurance, various types of insurance policies, and their role

The Insurance Awareness Day was conducted in online mode. 250 students participated in this activity. The event was organized by the Department of Banking & Insurance and the Department of Accounting & Finance. Upon successful completion of the quiz, participants were awarded e-certificates, adding value to their participation and acknowledging their efforts.

सोशल मीडियाच्या जगात हरवलेली माणुसकी

- Sharvari Rajesh Jadhav
(F.Y.BCOM, Div : A)

सोशल मीडियामुळे दूर राहणारे लोक जवळ आलेत हे खरं आहे. पण त्याचवेळी, एकाच घरात राहणारी माणसं मात्र दुरावत चालली आहेत. व्हॉट्सअप, फेसबुक, इंस्टाग्राम अशा अनेक सोशल मीडिया ॲप्समुळे दूर राहणाऱ्या व्यक्तींशी संवाद साधता येतो, परंतु घरात राहणारे आपलेच लोक मोबाईलमध्ये गुंतलेले असल्यामुळे एकमेकांशी संवाद साधायला वेळच मिळत नाही. मोबाईलवर जास्त काळ सोशल मीडिया वापरल्यामुळे आपल्या डोळ्यांवर परिणाम होतोच, त्यासोबत मानसिक आरोग्यावरही दुष्परिणाम होतात. रात्री उशिरापर्यंत मोबाईल वापरल्यामुळे झोप पूर्ण होत नाही आणि त्यामुळे दुसऱ्या दिवशी शारीरिक थकवा जाणवतो.

आजकाल अगदी लहान वयात मुलं सोशल मीडियावर येऊ लागली आहेत. त्यामुळे त्यांच्या कोवळ्या मनावर आणि शरिरावरही त्याचे दुष्परिणाम दिसतात. लहान वयात मोबाईल हातात दिल्यामुळे त्यांना अभ्यासात किंवा इतर सर्जनशील गोष्टींमध्ये लक्ष लागत नाही. त्याचा पुढे त्यांच्या आयुष्यावर परिणाम होऊ शकतो. सोशल मीडियावर वेळ कसा जातो हेच कळत नाही. एखाद्याने पाच मिनिटं म्हणून मोबाईल हातात घेतला, तर नकळत एक तास निघून जातो. त्या वेळेत इतर महत्त्वाची कामे झाली असती, पण सोशल मीडियामुळे तो वेळ वाया जातो. काही मुली सोशल मीडियावर आपले फोटो पोस्ट करतात. त्याचा चुकीचा वापर केला जाऊ शकतो. म्हणून सोशल मीडियावर फोटो टाकणे धोकादायक ठरू शकते. मात्र, याच सोशल मीडियावर फोटो टाकून काहीना प्रसिद्धी सुद्धा मिळते. त्यामुळे यात फायदा आणि तोटा दोन्ही आहे.

सोशल मीडियामुळे सायबर क्राईम ही वाढत आहे. लोक आपल्या सोशल मीडियावर फोटो, ऍड्रेस, फोन नंबर, ईमेल आयडी अशी वैयक्तिक माहिती शेअर करतात. ती माहिती सायबर गुन्हेगारां कडे पोहोचून अनेक प्रकारचे सायबर गुन्हे घडू शकतात. वस्तू खरेदी करण्यासाठी सोशल मीडियाचा उपयोग मोठ्या प्रमाणावर होतो. इंस्टाग्राम, यूट्यूब, फेसबुकवरून लोकांना वस्तूबद्दल माहिती मिळते आणि ॲमेझॉन, मीशो अशा ॲप्स मधून घरबसल्या खरेदी करता येते. मात्र कधीकधी वस्तू खराब किंवा वेगळ्याच येतात, त्यामुळे ग्राहकांची फसवणूक होते. म्हणून यातही फायदा आणि तोटा दोन्ही आहेत.

आजकाल एक अत्यंत चिंताजनक गोष्ट म्हणजे कुठे अपघात किंवा गंभीर घटना घडली, तर लोक त्या व्यक्तीला मदत करण्याऐवजी सर्वप्रथम मोबाईल काढतात आणि फोटो किंवा व्हिडिओ काढतात, जे नंतर सोशल मीडियावर अपलोड करता येईल. म्हणून कधी कधी असं वाटतं की या सोशल मीडियाच्या जगात माणुसकी कुठेतरी हरवली आहे. सोशल मीडियामुळे अनेकांना उत्पन्नाचे साधनही मिळाले आहे. उदाहरणार्थ, यूट्यूब वर व्हिडिओ टाकून लोक पैसे कमावतात. त्यामुळे सोशल मीडिया रोजगाराचे साधनही ठरत आहे. तसेच, कला सादर करण्यासाठी हे एक उत्कृष्ट व्यासपीठ बनले आहे.

एकंदरीत काय, तर सोशल मीडियाचा योग्य वापर केला तर तो फायदेशीर ठरतो. पण त्याचा अती वापर किंवा चुकीचा वापर केल्यास त्याचे दुष्परिणामही दिसतात.

॥ बनना है मुझे पानी जैसा ॥

बनना है मुझे पानी जैसा जो रंग रूप नहीं देखता है ,
बनना है मुझे पानी जैसा जो निर्मलता से बहता है ।
धीरे धीरे बहता जाता कचरा कीनारे लगाता है ,
अच्छाइयो को बीच से लेकर भवसागर में मिलाता है ।

बनना है तो पानी बनो जो समभाव की दृष्टी रखता है ,
बनना है तो पानी बनो जो प्यास बुझाता जाता है ,
सब के चित को तृप्त करके सब के मन को भाता है ,
बना है मुझे पानी जैसा जो निर्मलता से बहता है ।

जीसमे जैसे रखदो इसको वैसा ही बन जाता है ,
जलचर भी जीवित है इसी से
इनसानो को भी चलाता है ,
बनना है मुझे पानी जैसा जो निर्मलता से बहता है ।

आग बुझाये कीसी के घर की प्यास बुझाये कीसी के तन की,
शीतल हो तो शीतल करता गरम हो तो जलाता है,
बनना है मुझे पानी जैसा जो निर्मलता से बहता है ।

पानी को तुम कम मत समझो कहा तक तुमने उसे देखा है ,
समंदर की लेहरे तो सबने है देखी
रुद्राल रूप कहा देखा है,
दोनो रूप समय पर धरता फिर भी कीतना कोमल हैं
जो चाहे जीस रूप मे इसको वैसा ये ढल जाता है,
इसलिए, बनना है मुझे पानी जैसा निर्मलता से बेहता है ।

Today's humanity: the darkest era.

This world is full of extraordinary creatures that have developed different abilities to sustain on earth. They all are the most vitals of the earth. Among them are human beings. Human beings are known for their jaw dropping development and whooping progress in our community since the dawn of our civilizations. Humans are considered to be as the most intelligent, highly skilled, and the most emotional creatures ever existed on the planet earth along with other mammalian beings. We had a very complex structure of our relationship, famous for the holistic abilities, skills, and intelligence which is an inbuilt talent within us and to which we all are blessed for. Although we are considered to be as emotional, empathetic, and social beings; we all are born with multiple flaws that are posing a great threat to all of us, animals as well as to our planet earth. Yes, I am telling you the darkest, saddest and the last but not the least is the gruesome reality of today's human race. People around the world are facing the greatest threat of global warming; because of our own faults and to satisfy our insatiable greed, humans cut down many forests due to rising urbanization, blasting population, and for shifting cultivation as well.

Due to the loss of natural habitats, wild animals have lost their shelter and food as well as loss of water resources leading to the extinction of these living beings and not only that, animals infiltrate in urban areas in search of food, water and shelter and created the panic among the urban residents and posing the most important issue of human and wildlife conflict. Impact of global warming leads to the imbalance of nature and is the reason for devastating natural disasters, resulting to lifeloss in the major numbers. Human beings are now causing all the major problems worldwide for ourselves. Lack of shortage of resources for fulfilling our basic needs resulted in the rise of poverty and malnutrition on a global level and leading to early deaths and even increasing child mortality especially in the tribal communities of India and Africa. Terrorism is another risk factor that leads to the tear and wear of humanity, peace, national stability, brotherhood and togetherness, a deep scar on national integration. Discrimination among people based on caste, race, creed, gender in the other parts of the world; mainly in India, South Korea, America, Great Britain. ect. created a very broad and strong barrier which is the major hurdle for progress, maintaining peace, brotherhood, togetherness, empathy, and stability on the global level.

Crimes such as murder, extortion, drug abuse, alcohol abuse, tech addiction, materialism etc., all these heinous deeds proved the adversity of mankind and trampled the humanitarian values, welfare and progress under the feet. These all man made problems like superstition as well as other social evils like anti women crimes such as rapes, domestic violence, molestation and eav teasing and atrocities, female infanticide and female foeticide especially in countries like India created a very massive barrier which is very difficult to eradicate permanently from mankind. You see, since you have learnt about the problems, and hurdles which mentioned above are very big and difficult to break their shackles, but there is no such power that could stop us from eradicating these problems forever. Non-state actors like NGOs are coming forward to find a permanent solution and international agencies like the United Nations are approaching to intervene and have a negotiation within the member countries regarding these problems and providing armed forces for defense and finance to fulfill the nation's requirement for progress.

And not only that but people are also stepping forward to find solutions on these. Many NGOS and de-addiction centres as well as various health centers and organizations are now helping people to break free from these addictions and improving their lives. At the end of this blog, I will just say that although there are many problems and hurdles to face, today's humanity is still on the progress to erase them forever and again bringing that peace and stability in this world and make it the real heaven which is much divine than the Almighty's paradise.....
